From: Commanding Officer, Naval Consolidated Brig Charleston
To: Mr. Al Marri

SUBJ: YOUR ACTIONS OF 7 MAY 2006

1. I have read your response to my letter of 08 May 2006 regarding the non-compliance of 07 May 2006. I agree that humans make mistakes and appreciate your statement that you "lost your head." Staff has reported that your composure has returned and I thank you for regaining your self-control.

2. Taking into account that you voluntarily became compliant within a very short time and considering the tone of your letter, I must still balance that with the requirement to hold you responsible for your actions. I am bothered by your directly and physically resisting the staff as they opened the feed tray. Accordingly, I am suspending the following privileges:

- a. Dayroom.
- b. TV / CD.

3. Your continued compliance will influence the speed with which the privileges are returned.
